GROWTH

A Journal Devoted to Problems of Normal and Abnormal Growth

VOLUME XLI
Pages 1-350

1977

Author Index, Vol. XLI, 1977

Subject Index, Vol. XLI, 1977

	Page
Achondroplasia (chondrodystrophy)	171, 207, 215
Agenesis, dental	191
Age, blood cells, pig	51
dental vs skeletal	191
organs & enzymes	337
Aging, dietary restriction on	337
Adenocarcinoma, mammary	15
Aldolase, liver, diet and age on	343
Anticonvulsive therapy, bone growth in	161
Audiogenic stress, bone growth in	183
Beagle, fat & growth	139
skeletal weight, estimation of	297
Blood, cells, pig on age	51
sugars, perinatal pig	277
Body composition, obese rat	63
Body height, human	105

	Page
Body mass, lean, dog, pig	297
Body weight, cattle, growth hormone	241
exercise on	1
Bone (see skeletal growth)	
Brain, growth, placenta & litter number	179
γ-radiation on growth response	41
Cadmium, on regeneration	95
Cancer, adenocarcinoma, mammary	15
editorial	273
mammary	15
Cartilage, "achondroplastic" mice, matrix constituents	171
nasal, cell proliferation	85
Catalase, kidney on age	344
Carcass traits, hybrid cattle	33
Cattle, Angus, & Hereford, Charolais, Brown Swiss	33, 241
growth hormone & body weight	241
heterosis	33
Cell migration, concanavalin-A	147
proliferation, nasal cartilage	85
Chemotherapy, editorial	237
Chick embryo, growth rates	25
"hypophysectomy"	199
liver lipids & pituitary hormones	199
Chondrodysplasia	171, 207, 215
Children, Israeli, dentition classification	285
Chondrodystrophy	171, 207, 215
Clearance, metabolic, growth hormone	241
Collagen, "achondroplastic" mouse	171
in malamute dog chondrodysplastic	207
Concanavalin A, wound healing	147
Copper, in chondrodystrophy	215
Cortisol, perinatal pig, insulin, GH, thyroxine	277
Dental polymorphisms	191
Dentition, classification on emergence	285
mineralization on age	191
Dietary restriction, on aging, murine	337
on feed efficiency, rat	221
on oxygen consumption in exercise	115
protein on aging	337
Diphenylhydantoin, skeletal growth	161
DNA, fetal & maternal growth	179
muscle hypertrophy	249
Dog, chondrodysplasia	207, 215
fat & growth	139
skeletal weight	297
Alaskan malamute	207, 215
Radiation, dose-rate on brain growth	41
Dwarfism, dog chondrodysplasia	207, 215
mouse, cn/cn	171
Exercise, hamster skeletal growth	1
dietary restriction & oxygen consumption	115
Efficiency, food utilization	221
Erythrocyte, pig, age & sex	51
Estimations, growth parameters, vertebrate (grebe)	315
fat total, dog, pig	139
human growth velocity	105
skeletal weight, pig, dog	297
Fat calculated vs measured, pig, dog	139
Feed efficiency, rat	263
Feeding regimen, cattle, pure bred vs hybrid	33
Fowl (*Gallus domesticus*), muscle hypertrophy	249
Gallus domesticus, chicken, muscle hypertrophy	249
Grebe, western, growth curve	315
Growth acceleration, exercise	1
compensatory in steers	39
equations (see also estimations)	25, 325
Growth hormone, cattle	241
chicken	199
pig, perinatal	277
Hamster, exercise & skeletal growth	1
Heart, LDH perinatal rat	325
on restricted diet & age	337
weight, perinatal rat	325

Page

Hemocrit values, age & restricted diet ... 337
perinatal rat ... 325
Heterosis, Cattle, Angus, Hereford, Charolais, Holstein ... 33
Hormone, growth, cattle ... 241
chicks ... 199
with other hormones ... 277
Hybrid steers ... 33
Hydroxyproline, dwarf mice ... 171
Hypertrophy, muscle ... 249
Hypoglycemia, perinatal pig ... 277
Human, anticonvulsive therapy and bone growth ... 161
dentition mineralization & age ... 191
growth prediction ... 105
mental retardation ... 161
physical training on bones & tendons ... 123
Hypertrophy, muscular ... 249
"Hypophysectomy" & replacement ... 199
Insulin, perinatal pig ... 277
Iron, in chondrodystrophy ... 215
Kidney, cells in culture, green monkey ... 147
Chondrodysplasiac dogs ... 215
Lactation, rat overfeeding ... 305
Lactate dehydrogenase, heart ... 325
Lectin, Concanavalin-A ... 147
Leukocytes, pig age & sex ... 51
in restricted diet, aging mouse ... 337
Lipid, liver, chick, 'hypophysectomy' ... 199
Litter number, fetal growth, brain ... 179
Liver, chondrodysplasia ... 215
lipids, chick hypophysectomy ... 199
restricted protein intake ... 337
Malamute, Alaskan, chondrodysplasia ... 207, 215
Maternal weight gain vs fetal brain & placenta ... 179
Maternal effects in hybrid cattle ... 33
Mental retardation, bone growth ... 161
Mesocricetus auratus hamster, exercise on bone growth ... 1
Metronidazole in mammary cancer ... 15
Mineralization, dental ... 191
Mini-pig, Sinclair (S-1), age and sex on blood ... 51
Model, mathematical growth ... 315
Monkey, Green, kidney cells in culture ... 147
Mortality, restricted protein intake ... 337
Mouse, aging & restricted diet ... 337
Balb/C ... 337
cn/cn ... 171
C3H/HeJ & C3HBA ... 15
diet, protein restriction, aging ... 337
dwarf ... 171
pregnancy, early on obesity ... 263
Mucopolysaccharide, chondrodysplasia ... 207
Muscle, overfed rat ... 305
protein content in hypertrophy ... 249
restricted diet ... 221
skeletal muscle DNA, RNA ... 249
Neonate, rat ... 277, 325
pig ... 277
Nasal septum cartilage ... 85
Notophthalmus viridescens, limb regeneration ... 95
Newt, limb regeneration, cadmium, zinc ... 95
Noise, bone growth ... 183
Obesity, mouse ... 263
rat vs lean ... 63
Organ weights, dietary restriction, mouse ... 337
dietary restriction, rat ... 221
Overfeeding, muscle response ... 305
Pancreas, in chondrodysplasia ... 215
Parameters, growth estimation ... 315
Perinatal pig ... 277
rat ... 325
Phenobarbital, skeletal growth, human ... 161
Pheromone, rodent, pregnancy ... 263
Pig, age & sex on blood ... 51
fat & body growth ... 139

Page

mini-pig, Sinclair (S-1) ... 51
perinatal, serum hormones ... 277
skeletal weight ... 297
Pituitary, embryonic lipid metabolism ... 199
Polynominals, orthogonal derivatives ... 25
Prediction, general growth ... 315
grebes, western ... 315
human growth velocity ... 105
skeletal weight, pig, dog ... 297
Prenatal brain, radiation on ... 41
Pregnancy, early in obesity ... 263
Prepubertal growth polygenic mice, obese ... 263
Protein, degradation & synthesis in muscle hypertrophy ... 249
dietary restriction, mortality & aging ... 337
Proteoglycan, "achondroplastic" mouse ... 171
Rat, audiogenic stress on bone growth ... 183
Charles River ... 327
dietary restriction ... 221
fetal & placental growth ... 179
Møll-Wistar ... 85
muscles in dietary restriction ... 221
obese vs lean, assimilation efficiency ... 63
Osborne-Mendel ... 305
perinatal ... 325
radiation on developing brain ... 41
restricted diet on skeleton ... 221
Sprague-Dawley ... 41, 116, 221
'supplier effect' ... 221
undernutrition on oxygen consumption, exercise ... 115
Wistar ... 179
Zucker ... 63
Regeneration, newt (salamander) limb ... 95
Reproduction, murine ... 263
Restricted diet, aging in mice ... 337
food conversion efficiency, organ weights ... 221
Retardation, mental ... 161
Richard's growth curve ... 315
RNA, muscle hypertrophy ... 247
Sampled-transfer-function ... 105
Skeletal growth, anticonvulsive therapy, human ... 161
ash, beagle & pig ... 297
cartilage ... 85, 171
Chondrodystrophy (chondrodysplasia) ... 171, 207, 215
diphenylhydantoin ... 161
exercise on long bones ... 1, 123
fat free, pig, beagle ... 297
hamster, exercise ... 1
mental retardation ... 161
phenobarbital ... 161
potassium beagle & pig ... 297
stress, noise ... 183
restricted diet ... 221
^{35}S-sulfate ... 85
^{3}H-thymidine ... 85
Stress, audiogenic, on bone growth ... 183
^{35}S-sulfate, cartilage nasal septal ... 85
"Supplier effect" rat ... 221
Swine, see pig
Tendon, exercise on ... 123
^{3}H-thymidine, cartilage ... 85
Triiodothyronine, insulin, blood sugar ... 277
Undernutrition, oxygen consumption in exercise ... 115
Weight gain, beagle ... 139
cattle hybrids ... 33, 241
lean vs obese rats ... 63
maternal vs fetal ... 179
organs, diet restriction ... 221
pig ... 139
Wound healing, concanavalin-A ... 147
Zinc on regeneration ... 95
in chondrodysplasia ... 63
